Our mission is to elect Democrats at the local, state and national level. If you are considering running for office, we want to help. We can answer your questions, connect you with training, and empower you to make the decision.

## CANDIDATE SELECTION PROGRAM

The Glynn County Democratic Party intends to do its part to “Turn Georgia Blue” by electing Democratic candidates up and down the ballot.

To achieve our goal at the local level, we must ensure that qualified, capable and well-funded candidates run for local offices – that could be you.

### CANDIDATE SELECTION PROCESS

To succeed, we will build the profile and viability of the Democratic Party in Glynn County by giving voters a better choice at the ballot box. We recruit, select, train and support qualified candidates.

Because the Democratic Party in Glynn County may not endorse candidates in a contested primary election, we will use our best efforts to encourage candidates to run for an office where they will be unopposed in the primary.

In contested Democratic primaries, we cannot support or endorse one candidate over another until a winner is chosen to run in the general election.
